Alumni News & Notes

Dr. Carolyn Louise Blair, former professor of English and academic vice president and dean at Maryville College, passed away Aug. 17. She was 85.

She joined the Maryville College faculty in 1948 as assistant professor of English after receiving her master's degree from the University of Tennessee, where she later earned a Ph.D.

She was promoted to associate professor in 1960, and two years later was made a full professor and secretary of the faculty. In 1972, she was appointed dean of the College. She was the first woman to hold that title at the College and the first woman academic dean among institutions in the Mid-Appalachian College Consortium.

In 1978, Blair returned to teaching and chaired the College's department of languages and literature, holding that post until her retirement in 1987.

Twice she was awarded the "Outstanding Teacher" honor. Later, she was presented the Maryville College Medallion.

In cooperation with three of Blair's former students, administrators at MC are in the process of establishing a scholarship in her memory. See story on page 8 for details.

COLLEGE CELEBRATES TWO LEADERSHIP GIFTS TO CIVIC ARTS CENTER

The campaign for the Civic Arts Center (CAC) received a huge boost recently with the announcement of two very generous leadership gifts.

On Oct. 25, Maryville College President Gerald Gibson announced to the College's Board of Directors that the Clayton Family Foundation and Clayton Homes, Inc. had combined efforts to commit \$5 million to the CAC project.

The Clayton gift is, to date, the largest pledge of private dollars to the facility.

"The Civic Arts Center will positively impact our community and region – schools, arts, culture and economic development," said Kevin Clayton, CEO of Clayton Homes, Inc. "We're proud to be a part of this project along with so many others who will help make this possible."

For several months, Clayton has been heading up the private fundraising efforts and working closely with the College and city officials.

"Since early on, the Claytons have understood the impact this project would have on our community, and now they are providing key support to make it happen," Gibson stated. "The College is immensely pleased that the Clayton Family Foundation and Clayton Homes have stepped up to this record level."

On Nov. 1, DENSO International America, Inc. and DENSO Manufacturing Tennessee, Inc. announced that they had partnered to award \$500,000 to the CAC. To be given in installments over five years, the DENSO gift to the facility represents the largest single donation by DENSO in the United States.

Gibson described the manufacturer, which is Blount County's largest employer, as "a wonderful corporate citizen."

"These gifts clearly show community support for the project and momentum in our fundraising," the MC president added.

The CAC, a \$47.3-million facility, was established as a partnership project between the cities of Maryville and Alcoa and Maryville College, and is receiving funding from all three sources, as well as state and federal governments.

Once completed, the center will consist of two structures: a main building that will house a 1,200-seat performance hall and a 200-seat flexible theatre; and an art and recital hall that will house a 250-seat recital hall and galleries to support the visual arts. The two buildings will be connected by an attractive and spacious outdoor arts plaza. The CAC is one of several capital campaign projects included in the College's "Our Window of Opportunity" campaign. EDITOR'S NOTE: The College received information printed below between Feb. 11, 2007 and Aug. 31, 2007. Notes received after Aug. 31 should appear in the winter issue of FOCUS.

'29 MEMORIAM: Mary Swain Wood, May 16, in Dallas, Texas. Because of the Great Depression, Mary was forced to withdraw from Maryville before graduating. Returning home to Kentucky to work, she took correspondence and summer courses in elementary education before accepting a position as a read-

ing specialist with the American Book Company. Later, Scott-Foresman & Company hired her to take its "Dick and Jane" books into schools throughout the country. In 1958, she married Col. Alfred Wood, a regional Procter & Gamble executive, and made Dallas her permanent home. An active member of Highland Park Presbyterian

Church, she and her husband generously gave to numerous non-profits and programs, especially those that benefited children. On June 9, 2006, Maryville College awarded Mary an honorary bachelor's degree during a ceremony held at the Dallas Country Club. Survivors include sister Dorothy Swain Patterson.

'31 MEMORIAM: Grace Wallace Anthony, Jan. 14, in Maryville. One of the first public school kindergarten teachers in Blount County, she taught

Alcoa, Everett, Fort Craig and Bungalow elementary schools during her 45-year career. She was an active member of the First United Methodist Church of Maryville for 86 years and was also an involved member of Delta Kappa Gamma teachers' sorority and the Chilhowee Club. Survivors include three daughters and their husbands, including Sue Anthony Dawson '69 and Joe Dawson '69; five grandchildren, including David Dawson '01; and two great-granddaughters.

COLLEGE BIDS FAREWELL TO FORMER ALUMNI CITATION WINNERS

MARY SUE CARSON GOING '29, whose work in the federal government earned her an Alumni Citation in 1966, died June 24, 2006, in Johnson City, Tenn.

Following MC, Going taught in public and private schools. In 1939, she took a job as a civil service examiner, then, in 1952, accepted an appointment as a personnel management specialist for the U.S. Civil Service Commission.

The last years of her professional life were spent as a personnel management specialist for the Department of the Army and then as a special assistant to the director of personnel at the Smithsonian Institution.

While living in the Washington, D.C.-area, Going was an active member of the Congress Heights Presbyterian Church.

Survivors include one son.

OTTO PFLANZE '40, distinguished biographer of Otto von Bismarck, died March 3, at his home in Bloomington, Ind.

Following graduation from Maryville, Otto served with the Army Air Corps during World War II and earned master's and doctoral degrees in European history from Yale University. He was a professor of modern European history and 19th-century Germany at New York University, University of Minnesota, Indiana University and Bard College. From 1977 until 1986, he was editor of the *American Historical Review*.

Pflanze's three-volume *Bismarck and the Development of Germany* was published to wide acclaim. In 1990, the Association of American Publishers named his work "the most outstanding" in history, government and political science. In 1999, he was awarded the Einhard Foundation's Einhard

Prize for biography. Jurors of that prize wrote: "Pflanze has presented the most extensive work about Bismarck in decades; its second volume, dealing with Bismarck as chancellor, is even the most comprehensive work on the subject ever."

He was the recipient of numerous fellowships and awards, including the 1980 Maryville College Alumni Citation.

Survivors include wife Hertha, three children, two grandsons and sister **Eleanor Pflanze Graham '36**.

JOHN EDWARD TALMAGE '34, whose 40 years as a missionary in Korea were celebrated with a Maryville College Alumni Citation in 1978, died Feb. 24 in Black Mountain, N.C.

Born the son of Presbyterian missionaries serving in Korea, Talmage earned two degrees from Columbia (Ga.) Theological Seminary after graduating from MC. He served as an interim pastor in South Carolina and Mississippi during WWII and was one of the first missionaries to return to Korea after the war. While in Korea he not only led evangelistic work but also assisted in the financial affairs of missions.

He helped to establish Tacjon College (now Han Nam University) and served as its president for 11 years.

After retirement in 1977, he served as interim pastor at the John Sevier and Lebanon Presbyterian churches in Knoxville, and later at the Siloam and Old Fort Presbyterian Churches in Old Fort, N.C.

'52 As reported in an Associated Press story that ran in May,

Charlie Allen is looking for a home for "Tricentennial Beginnings," a reproduction of a 1780s flatboat that has been used to transport his Dream Houses to children all over Tennessee. Several historical sites are being explored in Nashville to preserve Allen's piece of history. **Bettie Carroll Elwood** is the CEO of the Little Children of the World Inc. She recently helped organize the McMinn County (Tenn.) Community Anti-Drug Coalition, which is a member of the Community Anti-Drug Coalition of America. **MEMORIAMS: Carolyn M. "Lynn" Miller Berkey**, Feb. 8, in Davidson, N.C. Following graduation from MC, she spent four years in Egypt, teaching English in a girls' school. Later, she earned a master's degree from Hartford Seminary. Lynn spent most of her married and professional life in South Hadley, Mass., where she was active in church and community groups and served in various positions at Mount Holyoke College. She retired in 1988 as executive direc-

tor of Mount Holyoke's alumnae association. Survivors include sons Mark and Jonathan and their families. Jonathan emailed Lynn's classmates following her death. In that correspondence, he described her love for and commitment to Maryville College. "During the difficult years of my father's illness, her ties to her Maryville friends were perhaps the one thing that kept her going," he wrote. Jonathan cared for his father one week so that his mother could travel to MC to participate in Kin Takahashi Week. "I will never forget the look on her face when she walked through the door upon her return," he added. "She was a woman transformed, utterly rejuvenated by her experience." In memory of their loved one, the Berkey family requested that donations be made to the Class of 1952 Scholarship Fund at the College.

Phil is a part-time chaplain in the local hospital and still volunteers to help missionaries build their supporting partner team. The Muirs

frequently host traveling missionaries in their lakeside home in southern Michigan.

'58 Anita Cole Ezelle, her two daughters and **Joann Antes Wyman '59** enjoyed traveling to Vienna, Salzburg, Melk on the Danube, Budapest, Prague and Berlin in September 2006. She writes that she was proud of nephew **Mark Cole '98** for his art exhibit, "Orbis Multimodis," which was shown at the 2006 Maryville College Homecoming. **Alan Whitelock** is recovering from multiple myeloma and other health conditions. His wife continues to fight Sjögrens Syndrome. They both continue to teach Bible studies in Texas and Colorado and Alan continues to work on his book, *Joseph's Journal*.

'59 Frances Matthews Donaldson and husband J.B. have moved to Champaign, Ill., to be with their younger son and new grandson. They love the area and new baby. In October 2006, **Mary Ann Murphey Tauber** wrote that she was enjoying learning discipleship with two women – one from her church and the other from Kenya. They used the "Destined" and "Life Builders" material from Campus Crusade. She also volunteers at a local hospital and enjoys going to her grandson's sports games. **MEMORIAM: Carol Ann West**, March 7, in Maryville. She was a teacher at Carter High School in Knox County before moving to Georgia to teach high-school English – a job she held for 32 years. A recipient of Georgia's Star Teacher Award, she established an introductory Spanish course for Whitfield County Schools. After retirement from school, she became part of the Liz Claiborne Company. She is survived by three brothers, including **John West '58** and **David West '62**. In memory of their loved one, the West family requested that donations be made to the College.

'60 MEMORIAMs:

D. Lawrence Gibbs, Jan. 27, in Cochranville, Pa. He taught Spanish and computer programming at Rising Sun High School, Fairfax County Schools in Virginia, and Unionville High School. Active in church and community, he was a member of Faggs Manor Presbyterian Church and served 12 years on the Octorara Board of School Directors, 12 years as Londonderry Township Supervisor and several years on the township's planning commission. His favorite hobbies were building computers and radios and operating his ham radio. Survivors include wife **Louva Ann Lawson Gibbs '61**, two children and their spouses; four grandchildren, two brothers and two sisters-in-law.

■ **Maryanne Braidwood Ward**, Sept. 11, 2006, in Tallahassee, Fla. Diagnosed several years ago with neurofibromatosis (NF), she did not let the disease prevent her from earning a master's degree from Stetson University or a doctorate from Florida State, nor from teaching in FSU's School of Education. Even though she was confined to a wheelchair for several years and in severe pain, she volunteered regularly at Tallahassee's AIDS hotline, taught mentally handicapped children in Florida's Brevard County and was a Florida deaf-blind consultant. She also counseled other sufferers of neurofibromatosis. Following Maryanne's death, MC classmates circulated a memorial to their friend, remembering her wit and creativity. In it, **Charlotte Cathey Stewart** wrote: "Today, Maryanne continues to live in our hearts and the hearts of all who knew her – and we thank God for the extraordinary gift of her presence not only among us at Maryville but also among her Tallahassee friends and the innumerable disabled people whom she helped."

'61 MEMORIAM: Nancy Seeger Chapman, May 3, in Pullman, Wash. She was a graduate of the University of California at Berkeley in the field of psychology. KENNETH MACHARG '65 has authored his seventh book, *From Rio to the Rio Grande, Challenges and Opportunities in Latin America*, which can now be ordered online at atlasbooks.com.

MacHarg, who has lived in Panama, Ecuador and Costa Rica and has set foot in almost every Latin American country, has written hundreds of articles about the region for newspapers and magazines. Before retiring to Carrollton, Ga., he was professor of mass media and communication at the Evangelical University of the Americas in San José, Costa Rica. Wife **Polly Ballantine MacHarg '65** established the ESL program at the university, which is now the largest at the university.

A summary of the book printed by its publisher reads: "Political instability, leftist governments, environmental problems, poverty, corruption and open borders that allow drugs, terrorists and millions of immigrants into the United States are challenges from our nearest neighbor, Latin America. Events south of our border are affecting us daily and changing our society, yet, to our peril, we ignore this region at our doorstep. Now, Kenneth D. MacHarg writes in an easy-to-read, journalistic style about Latin America, its people, issues and opportunities. And, he helps us to understand the unique characteristics Latin American immigrants bring that are changing our culture."

Said Mr. Clyde Taylor, a former U.S. Ambassador to Paraguay: "This book offers both to the Latinfile and Latin novice an excellent sweep of key topical issues. MacHarg's lively writing benefits from a lifetime of living among and appreciating our Latin neighbors."

CAMPAIGN LAUNCHED TO FUND BLAIR AWARD

THREE MEMBERS OF THE MC CLASS OF 1955 have launched a campaign to raise \$50,000 to create an endowed fund to memorialize Dr. Carolyn L. Blair, who passed away Aug. 17. (See front page for obituary.)

Blair served Maryville for nearly 40 years as an English professor, dean, academic vice president and department chair.

The three classmates and former students of Blair, **Sarah Pledger Fechter '55** of Trussville, Ala., **Abby Crosby McKean '55** of Columbus, Ohio, and **Joe Gilliland '55** of Asheville, N.C., envision the income from the fund creating an annual scholarship for junior or senior English majors. Working with the College's development office, they are also consulting with **Arthur Bushing '43**, retired professor of English and long-time colleague of Blair.

Creation of the Blair Award will assist the College's current

"Our Window of Opportunity" campaign, which, among other initiatives, seeks to boost the MC endowment by \$20 million. It also is one of two ways that alumni can specifically honor Blair. (Details of a fundraising initiative to honor several "Legends of Anderson Hall" will be forthcoming.)

"Dr. Carolyn Blair meant so much to hundreds of Maryvillians as a teacher, mentor and friend," Fechter, McKean and Gilliland said in a joint statement. "Although not a graduate of Maryville College herself, she served our alma mater selflessly and conscientiously, and endeared herself to several generations of students. We hope many of those will join us in this effort to create a living memorial in her honor."

Pledges and gifts to the Blair Award are being sought during the current fiscal year, which will end May 31, 2008. Pledges may be paid over a three-year period.

COLLEGE ANNOUNCES NAME CHANGE FOR ANNUAL FUNDRAISING CAMPAIGN

SINCE ITS FOUNDING 188 YEARS AGO, Maryville College has needed gifts to support its day-to-day, operational expenses, but today, alumni will no longer receive solicitations asking for support of the "Annual Fund."

Instead, those direct-mail pieces and phonathon callers will be talking up the "Maryville Fund." By renaming the Annual Fund this summer, administrators hope that people will more easily understand – and then support – the cause.

"Any institution can have an annual fund, but only Maryville College can have 'The Maryville Fund,'" explained Jason McNeal, vice president for advancement and community relations at the College. "With this name change, we hope to remind people that with their giving, they're helping others have a transformational, high-quality and very unique educational experience – a Maryville experience."

The backbone of fundraising at the liberal arts college, the Maryville Fund supports institutional scholarships, the Scots Club athletics program, academic programs, academic-related equipment and library operations, among other necessities.

"We have many big campaigns underway, such as fundrais-

ing for the civic arts center, but the Maryville Fund represents that ongoing support for our College," McNeal said. "Supporting the Maryville Fund touches every student, every day and helps the College pay its operational expenses so that MC can sustain its academic excellence and strengthen its position in higher education."

During the 2006-2007, the College raised over \$1.6 million for the Annual Fund. Through the Annual Fund, earnings from endowments and other outside revenue sources, the College

Maryville Fund

awarded \$14 million in scholarships.

"Tuition, fees, room and board paid by students cover roughly half of what it really costs to educate a Maryville College student," said Eric Bellah, director of the Maryville Fund. "The Maryville Fund will continue to play a vital role in making the Maryville experience accessible to deserving students."

For more information or to make a gift to the Maryville Fund, contact Bellah at 865.981.8225 or eric.bellah@maryvillecollege.edu. Donations can also be made online. Visit maryvillecollege.edu/giving/maryville-fund.asp and click the "Make Your Gift Online" button.

"... Alumni gifts make a difference"

An interview with Don Hickman, Alumni Association President

This fall, when **DONALD HICKMAN '70** pulled his chair up to the table of the Board of Directors, it felt somewhat familiar.

Hickman, who joined the Board by virtue of his position as president of the Maryville College National

Alumni Association, was first a member of the College's governing body from 1970 until 1973. Back then, Board members were elected by the Synod of the Mid-South of the United Presbyterian Church, U.S.A., and both Hickman and **PENNY PROFFITT PIPER '69** were chosen to serve three-year terms.

The selections were good ones. With the Board appointments, Hickman and Piper, who both had been active and engaged students, became active and engaged alumni.

In an August 1970 Maryville College Bulletin introducing the new board members, Hickman is quoted: "My concerns for the future of higher education at Maryville College are genuine. I feel that higher education must be free to search for truth and once that truth is found, be free to live that truism. To reason, to discover, to experience and to develop assumptions based upon that experience have to be considered the goals of higher education."

Answering questions earlier this fall posed by the editor of *Alumni News & Notes*, Hickman again stressed his interest in the future of Maryville College, the importance of the type of education Maryville provides and the need for alumni to become engaged in the life of the College and to support their alma mater.

The Maryville College Alumni Board, which Hickman heads, has annually committed itself to helping the College reach its goals for the Maryville Fund. (See adjacent story.) For FY 08, these Fund goals include 40 percent alumni participation and \$1.75 million from all sources.

Here, Hickman shares his view of philanthropy as it relates to Maryville College:

A photo of Hickman and Piper ran on the front page of the August 1970 Bulletin.

AN&N: Why do you annually support MC?

HICKMAN: I support the Maryville Fund each year for a few basic reasons. Since my graduation, I have seen the College grow in terms of quality and quantity. It has developed a national reputation as a top liberal arts college. That's been validated by *U.S. News and World Reports* magazine. Most important to me, the College remains loyal to its primary mission – educating young people while becoming a distinctive, values-based college. As an alumnus, I want to support this continuing growth.

AN&N: Why do you think alumni participation is important?

HICKMAN: For years, the Annual Fund (now the Maryville Fund) has been an important part of providing an excellent education for students. Tuition and fees can't cover the full cost of the Maryville experience. The Fund dollars create opportunities for learning and growth that otherwise might not exist.

AN&N: What would you say to alumni to encourage them to give?

HICKMAN: Financial support for the Maryville Fund demonstrates a depth and breadth of confidence in the College by those of us closest to it. Frankly, our alumni must demonstrate continued support for the Fund if we want outside constituents to step forward with their resources. Our alumni gifts make a difference. Every gift helps the College improve its service to students. Every gift helps to maintain the College's strength and viability. More than anything, our contributions demonstrate how caring we are as alumni.

AN&N: Over the years, you have directed some of your giving to the Maryville Fund by designating support to the SCOTS Club. Can you say more about designated gifts?

HICKMAN: Alumni may opt to designate their gifts to specific program areas such as intercollegiate sports, academic programs, the library, faculty/staff salaries and scholarships. These designated gifts, which are all under the Maryville Fund umbrella, help to strengthen programs and facilities and make the MC experience unique for students. Of course, unrestricted donations are also essential for enabling the College to meet the daily expenses of maintaining a quality educational environment. Goals for the Fund (\$10 million over six years) are included in the College's "Our Window of Opportunity" capital campaign, so donors to the Fund are also participating in the current campaign.

COLLEGE MOURNS LOSS OF TWO FROM FACULTY, STAFF RANKS

Franklin Departs For New Position In New York

At a reception held July 31 in the Bradford Sitting Room of Bartlett Hall, a teary **Kelly Franklin** said farewell to a teary group of colleagues, college administrators, former students and community members that packed the room and spilled out into the hallway.

Franklin, who had been director of the College's Center for English Language Learning (CELL) and director of international services since 1986, accepted a position as director of the Haggerty English Language Program at State University of New York at New Paltz earlier this year. "Maryville was a different place," Franklin said, remembering his first day on the job. "... It's changed a lot, but what hasn't changed is the spirit of the people here."

The outgoing employee acknowledged **Art '43** and **Dotty Barber Bushing '42** in attendance and said he remembered getting a note in his campus mailbox during those first days from Art, who was a member of the faculty then. The Bushings offered he and Kumiko a place to stay. The young couple took them up on the offer and lived

in their home for two years.

"That was my first impression of Maryville," Franklin said. "Friendliness."

Colleagues speaking at the reception praised Franklin's guidance of CELL (long considered one of the best in the United States), his expertise in international student recruitment, his passion and care for students and his

contributions to professional organizations such as NAFSA: Association of International Educators and American Association of Intensive English Programs (AAIEP).

"His service has been transformational for the College," said Dr. Robert Naylor, vice president and dean. Joe Swann, former mayor of Maryville, thanked Franklin and Kumiko for their role in attracting foreign companies to Blount County.

Johnni Freer, executive assistant in the dean's office and former New York resident, presented Franklin with some college apparel, a snow shovel and box of tea bags, which she advised him to hold on to if he liked sweet iced tea.

**"THIS IS MY COLLEGE.
THIS IS MY PROMISE."**

This simple yet powerful phrase is the underlying message of the Calvin Duncan Society. Created in 2002, the Calvin Duncan Society gives alumni the opportunity to make a life-long promise to stay connected to the College through giving a gift of any amount each year. Through this promise, alumni take part in giving back every year with the intent of sharing the College's success and greatness throughout the years of their life.

Calvin Duncan was one of only four Maryville College graduates in the first post-bellum class of 1871. Upon coming to Maryville College, he was told by his classmates he was too young to be in College. However, Calvin Duncan replied by exclaiming, "I came here to stay. This is my school." He went on to become a Director at the College, a Presbyterian minister, the Synodical Superintendent for Tennessee, and the oldest living alumnus. The devotion Calvin Duncan had to Maryville College is what powers the Calvin Duncan Society to be a unique and influential group of alumni.

Today, the Calvin Duncan Society has over 800 members from a wide-range of class years. Membership is open to all alumni who desire a life-time connection with Maryville College through giving. When alumni join the Society, they also become eligible for exclusive Promise Awards, which are given every five years their promise is kept.

This year Promise Awards are being given to those alumni who have fulfilled their commitment of giving for the past five consecutive years.

If you would like to join the Calvin Duncan Society, please contact Katherine Best Caputo '01 at katherine.caputo@maryvillcollege.edu or 865.981.8201.

"I feel like any contribution to MC is significant not only in financially supporting the College, but in renewing my commitment to my alma mater. It is my wish... that MC continue to flourish so others can have the kinds of great experiences I had."
